

# An Urban Miracle.

An Urban Miracle is a regular prayer group, primarily for the Gun knife and Gang culture we currently live in.

A place for faith and non faith based people to come together and pray, focus and visualise together for the young people, families, friends, and community members who have or are affected. Community leaders and other outside agencies that are involved within this remit.

An evening of prayers station so that you can either light a candle, write an affirmation/words, say a pray, meditate, have a quiet moment.

If we as a community come together once a month with vision, focus and prayer -

**We will see a miracle!**

### **The power of peace.**

Today, I declare my mind to positive and peaceful thinking.

I offer my thoughts to operating my mind, my body, my life and all my affairs in a peaceful way. The melody of peace now sings in my soul

I now dance of peaceful freedom I now radiate love and peace.

I now draw from every experience the highest and the best. I am confident, peace filled and spiritually powerful. May we all walk, share and embrace the power of peace.

**How beautiful are the feet of those who bring good news. Romans 10:15.**

**Venue: St Brides Church \* Blair St \* Old Trafford \* M16 9AZ**
